Vision & Mission

Vision

To be a Centre of Excellence in education of climate science with social and ecological commitment in service of the nation.

Mission

The foremost mission of the institute is to impart quality education, promote the research activities and the extension of the research works in climate science and its related fields of agriculture, meteorology, environmental science etc. The academy with its student friendly education system aims at training the students to face the challenges caused due to global warming. ACCER also focuses at providing ethical value based education to mould well educated socially, committed students.
